PGA'S 30TH YEAR

Whilst it may seem to Peter Glass that it was only 'yesterday' that he started Peter Glass & Associates, the reality is that we are currently celebrating our 30th year of practice. We are proud to note that this makes Peter Glass & Associates one of Australia's longest established and most experienced landscape architectural practices.

NEW WEBSITE

In celebration of our 30th year of practice, we have just launched our completely redesigned and updated website. We feel that our new website is informative and illustrative, providing examples of public, private and corporate projects undertaken by our practice both in Australia and overseas. We invite you to visit our new website at www.peterglass.com.au and we welcome any comments or feedback that you may have.

THANK YOU

We would also like to take this opportunity to thank, together with our staff past and present, the many highly valued clients, architects, engineers, planners, project managers and others that we have worked with over the years. We look forward to the opportunity of working with you on many more exciting projects in the years to come.
